

# 5th Annual RYAN BASKIN CHARITY FISHING DERBY Saturday July 10th, 2010

Ryan Baskin was a passionate fisherman, hunter and hockey player who was on his journey to become a Conservation Officer. Animals, children and living life to the fullest were also precious to Ryan in this life. In May 2005, Ryan was rushed to The Ottawa Hospital's Civic Campus after a serious car accident. He fought for his life in the Intensive Care Unit (ICU) for a week before succumbing to his injuries — one day prior to his 19th birthday.

THE RYAN BASKIN LEGACY ENDOWMENT FUND (FUND # 200881) was created by his family to help provide new equipment and important patient care items in the ICU. The fishing derby is an annual fundraiser to create funds for the Endowment Fund, 100% of the donations and registrations go directly to Ryan's fund which could help someone you know or even a family member to continue to benefit from the excellent care provided by the dedicated professionals at the ICU.
